**PET EMPOWERMENT IN TOWNSHIPS**  
Public Benefit Organisation No: 930 025 719

---

05/11/2019

To whom it may concern

Operating out of the Western Cape as a registered organization since 2007, PETS - whose primary purpose is to alleviate pain and suffering of lost, abandoned, neglected, abused and forgotten animals in under privileged areas, has helped more than 5000 animals in various situations in this short period of time.

It is with much excitement that we are able to announce that we have a **PETS Branch in Johannesburg as well, operating since 2011!**

The PETS Team consists of dedicated volunteers who try and save, maintain and where possible improve the living conditions of animals, in their immediate surroundings by alleviating their pain, hunger and abuse. We strive to improve the lives of animals living in townships and poor communities by giving them daily meals, warm shelters, regular inoculations, sterilizations and vet care in emergency situations. We also re-home those animals that are unwanted, unloved or lost.

To summarize, our activities regarding animal empowerment include:

- Food / Feeding
- Sterilization
- Vet Care (medication, de-worming, dipping, inoculations, tick/flea treatment, etc.)
- Emergencies (operations, stitches, blood tests, cancer treatment, euthanasia (but only in extreme cases of pain or sickness))
- Provision of shelter
- Rescuing/re-homing
- Pet Care Education for children/adults
- Fund raising for PETS

Although PETS focuses predominantly on the rescue and rehabilitation of animals, we realize that this cannot be achieved without the education and commitment of their owners. Education of owners in pet care, and helping to uplift the communities in which they live, has an immediate, positive effect on the animals. We have already built hundreds of kennels for needy township animals and fed, on average, 250 animals per month. That does not include the thousands who receive love and cuddles from us! **Something to be Proud of!**

The funding we are currently receiving (donations) is not nearly enough to cover the costs of all the work we would wish to accomplish. It is also important to take note that no PETS-member receives profits or benefits from the work we do, all proceeds go towards empowering pets in townships and poor communities (and towards tools helping us to conduct our work). We are a REGISTERED PUBLIC BENEFIT ORGANIZATION.

Should you wish to see our website go to [www.pets.org.za](http://www.pets.org.za)  
Enquiries : jhb@pets.org.za

We hope you can assist us and look forward to your favourable response  
Regards  
The PETS Team
